State Officials Present:

Sean Gorman, Board Director, Indiana Professional Licensing Agency
Lori Grice, Assistant Board Director, Indiana Professional Licensing Agency
Lisa Chapman, Litigation Specialist, Indiana Professional Licensing Agency
Gordon White, Nursing Board Advisory Counsel, Office of the Attorney General

II. DISCUSSION:

- A. Applicant Deryl Ray Williams – Denied after failing to appear at the May 21, 2009 meeting –He is planning to appear to discuss but may not arrive this early. General related discussion regarding initial licensure of applicants convicted of offenses requiring mandatory licensure discipline. Mr. Williams did not appear before the Board and discussion regarding his potential licensure in Indiana will continue at a future date if he reapplies or requests to appear before the Board.
- B. 2008 NCLEX Pass Rates; Calculation of Adjusted Pass Rates - Mr. Gorman presented calculations of adjusted pass rates for Indiana RN and LPN programs for the 2008 calendar year. Discussion centered on the methodology used for calculation of past pass rates and the Board's interpretation of its rule requiring that schools have annual pass rates that are at or above the adjusted pass rate, which is equal to one standard deviation below the national average for all exam takers. Mr. Gorman presented proposed adjusted pass rates for 2008 based on methodology used by the National Council of State Boards of Nursing's statistician and rates calculated as they had been in the past, which calculated the standard deviation based on Indiana scores only. The calculations based on previously used methodology created a higher standard deviation and resulted in a lower adjusted pass rate. Schools that do not meet the adjusted pass rate for 3 consecutive years are required to submit a plan of correction to the Board and might potentially have their accreditation status changed to conditional or withdrawn altogether if they cannot demonstrate improvement in their program's test scores. The resulting difference between the different methodologies did not result in any difference for programs with 3 consecutive years of below standard scores, but several additional programs were noted to be below the standard with the more stringent methodology used by the NCSBN statistician. The Board discussed the need to examine the standard in further detail, but ultimately agreed that the more stringent standard, closer to the national pass rates, is the more appropriate benchmark. A motion was made and seconded to approve the following 2008 adjusted pass rates for Indiana: RN = 86.1 (national pass rate: 86.73) , LPN = 84.6 (national pass rate: 85.62).

NARWOLD/OGLE

Motion carried 8-0-0.

- C. General Discussion regarding ASN programs vs. BSN programs.

Personal Appearances were conducted in a separate conference center room concurrently with Board hearings scheduled for the morning.
